I have no idea. I've never encountered this before. Those issues are usually negotiated between PSD and RSO, so I just don't have the experience related to this issue.

Mark - if I'm in Bologna and the weapon is secured in a safe until the Administrator arrives, would this be acceptable to the Italians?

Will do.

Side note from Embassy: I believe there is an issue that [Ex. 7(c)] will be in Bologna beginning June 5, but he is one of the agents that will have a weapon. He needs to be present in Rome to do so. So the question stands, does he come back to Rome to get the weapon and then back to Bologna. The next question/issue after that is why is he in Bologna with a weapon with no Administrator there. These become issues with the Italians.
